A smart gun owner is a **SAFE GUN OWNER**

Leaving an unattended, loaded firearm in a home with children is not safe or smart.

A loaded gun that is not under the direct control of its owner is DANGEROUS. If you think you can hide a gun from children, THINK AGAIN.

Guns are like birthday presents—no matter how hard you try to hide them, kids will find them.

Project ChildSafe was developed by the National Shooting Sports Foundation and funded by a grant from the U.S. Department of Justice to provide comprehensive firearm storage and safe handling education. Project ChildSafe distributes FREE cable-style gun locks so gun owners can securely store their firearms. Find out when your community will be putting a lock on safety by visiting www.projectchildsafe.org.
